

## **No Wipes In The Pipes!!**

Convenience wipes such as baby, hygienic, cleaning, and disinfectant, as well as toilet bowl scrubbers and paper towels might be labeled as 'disposable' or 'flushable', but these items should **not** go down the drain.

Products like these do not break down in the City sewer system, causing plugs in sewer pipes and pumps, resulting in sewage backups, costly cleanups, and environmental consequences that can result in rate increases.

### **What Can YOU Do to Help?**

1. Do not flush objects down the toilet such as: wipes, diapers, feminine hygiene products, or dental floss.
2. Dispose of these items in your household or business trash receptacles.
3. Inform those who clean your house or business of proper disposal methods for convenience products.
4. Select cleaning supplies that can be washed and reused.
5. Spread the word! Inform your friends and family of the dangers of flushing wipes down the drain.
